Portrait Order Form

SHOOTERS At The Beach

Hopefully this order form will help you organize everything when it comes down to order time. Remember to fill in each column so we know exactly what you need (if we get confused we'll give you a call).

For orders under $100 to one address please include your complete payment with the order. Any individual orders over $100 you can send us a check or credit card info for something over half and we'll get the ball rolling. If there are multiple orders to one address we'll be glad to separate and label each one for you. And if you live out of state, you don't have to pay our 6.75% sales tax!

If you want to fax us your order, we have a dedicated line at 252.480.1422; we'll call you to let you know we got it going for you.

Normally we'll have your order on it's way to the lab within a day or two after we get it, and you can figure an average of about 6 weeks to get your prints - most professional labs would rather do it "right" than "right now", we agree! And remember, if you have questions we're just a phone call away!
